Attachment "F"

25X1A6a

PAINT AND PATCH ALL CORRIDORS IN [REDACTED]

Estimated Cost: \$8,000
Estimated By: Anacostia Group Force, Paint Shop
Engineering Required By: None
Work to be Performed By: GSA, Anacostia Group Force, Paint Shop
Target Date for Completion: 30 September 1964

Description

25X1A6a

To patch and paint the main corridors in [REDACTED]

Justification

25X1A6a

Due to the deadline date for occupancy of [REDACTED] the painting contractor was required to paint the corridors and elevator lobbies several months before construction was completed. As a result of this premature painting, the paint and plaster was gouged and abused during the final stages of construction and during the moving-in period. GSA Group Forces are not permitted to paint these corridors on a non-reimbursable basis until 1966.
